

Dear Friends,

Thank you for helping us to make 2008 an exciting and productive year for PRASAD Children's Dental Health Program (PRASAD CDHP).

We are helping communities to develop a culture of good oral health care practices. As a measure of that positive influence, the demand for our services continues to grow.

In 2008, we responded to that need by expanding treatment and education services to children from pre-school up to age 18 at new school sites in Ulster County. We also continued outreach through the Smiles for Teens and the Maternal/ Infants programs. In total, we provided dental health education and dental care services to more than 3,000 children and families.

PRASAD CDHP is an initiative of The PRASAD Project, an international, not-for-profit organization committed to improving the quality of life of economically disadvantaged people around the world. PRASAD is the philanthropic expression of the SYDA Foundation.

PRASAD CDHP receives funding from dental billing reimbursements, grants and donations, and from The PRASAD Project. With sound economic judgment, we offset the difficult economy and succeeded in applying over 96 percent of our funding to program services. We remain committed to using all funding for maximum effect, with the highest degree of fiscal responsibility.

With your kind support, and with wise management of our resources, we look forward to even greater success in 2009.

Sincerely,
