Annual Report

2008 - 2009

Dear Friends,

In many communities across the United States, straight, white teeth are considered the norm, but in the economically disadvantaged areas of Sullivan and Ulster counties, many families cannot access even the most basic dental care. In response to that need, PRASAD Children's Dental Health Program was founded.

Since 1998, our mobile dental clinic has been delivering dental health care and education to children at their schools. We accept most insurance plans and we have no waiting list.

This year, PRASAD CDHP again was honored by county, state and federal elected officials, as well as by community and peer organizations, for our unique and vital role in helping children get the dental care that they need, and in raising awareness that each child deserves a healthy smile.

All this is possible because of the dedicated work of our staff and volunteers and the generous gifts from our donors.

If you are already a supporter, I offer you my profound thanks for your ongoing gifts; if you are new to PRASAD CDHP, I hope you will be inspired to join us.

Sincerely,
