

Annual Report 2013

Dear Friend of PRASAD Children's Dental Health Program,

Studies about smiling have produced some surprising results. Did you know your smile can be a predictor of how long you'll live? Smiling has a measurable effect on your overall well-being—so share those smiles!

Our mission is to contribute to children's well-being by improving their oral health. Our work is extremely rewarding, but also challenging. PRASAD CDHP provides services in Sullivan County, NY, which for the past several years has ranked one of the lowest of all New York State counties in both health factors and health outcomes.

In 2013, PRASAD CDHP provided dental health education to 4,211 children, and the dental clinic performed 4,910 dental procedures. We appreciate your continued support, which makes it possible for us to bring happy, healthy smiles to children.

With gratitude,
